January 2021

United States Navy Ethos

We are the United States Navy, our Nation's sea power - ready guardians of peace, victorious in war.

We are professional Sailors and Civilians - a diverse and agile force exemplifying the highest standards of service to our Nation, at home and abroad, at sea and ashore.

Integrity is the foundation of our conduct; respect for others is fundamental to our character; decisive leadership is crucial to our success.

We are a team, disciplined and well-prepared, committed to mission accomplishment. We do not waver in our dedication and accountability to our Shipmates and families.

We are patriots, forged by the Navy's core values of Honor, Courage and Commitment. In times of war and peace, our actions reflect our proud heritage and tradition.

We defend our Nation and prevail in the face of adversity with strength, determination, and dignity.

We are the United States Navy.

The Sailor's Creed

I am a United States Sailor.

I will support and defend the Constitution of the United States of America and I will obey the orders of those appointed over me.

I represent the fighting spirit of the Navy and those who have gone before me to defend freedom and democracy around the world.

I proudly serve my country's Navy combat team with Honor, Courage, and Commitment.

I am committed to excellence and the fair treatment of all.

CAREER ROADMAP

Fireman Recruit to Rate Selection Roadmap

The Enlisted Career Roadmap (ECR) below will assist Sailors in the Engineering/Fireman Professional Apprenticeship Career Track (PACT) community in selecting a rating and pursuing professional development and advanced education using various military and civilian resources e.g. PQS program; JST Joint Service Transcript; E-Learning; Navy College Network; etc. Successful leadership is the key to military readiness and will always require a high degree of technical skill, professional knowledge, and intellectual development.

What is a Career Roadmap for Engineering/Fireman Professional Apprenticeship Career Track (PACT)?

Engineering/Fireman Professional Apprenticeship Career Track (PACT) roadmaps are just what the name implies - a roadmap through the Enlisted Learning and Development Continuum from Fireman Recruit through Rate Selection. The principal focus is to standardize a program Navy wide by featuring the existing skills necessary to be successful in the Navy. The ultimate goal of a roadmap is to produce a functional and competent Sailor.

What is the Enlisted Learning and Development Continuum?

Enlisted Learning and Development Continuum is the formal title given to the curriculum and process building on the foundation of Sailorization beginning in our Delayed Entry Program through Recruit Training Command and throughout your entire career. The continuum combines skill training, professional education, well-rounded assignments, and voluntary education. As you progress through your career, early-on skill training diminishes while professional military education gradually increases. Experience is the ever-present constant determining the rate at which a Sailor trades skill training for professional development.

Do Sailors have to follow the Roadmap?

Yes. The Engineering/Fireman Professional Apprenticeship Career Track (PACT) roadmap includes the four areas encompassed by the Continuum in Professional Military Education to include; Navy Professional Military Education (NPME), Joint Professional Military Education (JPME), Leadership and Advanced Education.

Some training and education is mandatory (Recruit Training, Basic Engineering Course at Great Lakes, IL, E-Learning, etc.). Some may be directed by your chain of command (Microsoft Excel and PowerPoint courses), and the remainder is voluntary (MNP, E-Learning, college courses, etc.). Sailors are advised to seek out mentors, including your Command Master Chief, Senior Enlisted Advisor, Leading Chief Petty Officer, Leading Petty Officer and Command Career Counselor, and to make use of your Navy College Virtual Education Center (VEC) or OCONUS Education Office's vast resources. All are uniquely qualified to help you along the way.

How do I get started?

You already have...All your training up to this point is part of your E-PACT Roadmap. Now it is up to you to keep on track with your Leading Chief Petty Officer, Leading Petty Officer or mentor.

JOB DESCRIPTION

Performs all basic Fireman functions aboard various commands to include the following duties: standing underway engineering watches and operating analog, digital and plasmatic display units; using hand and power tools while working with complex machinery; repairing, maintaining, and preserving engineering and associated equipment in preparation for underway operations; keeping accurate electronic and written records; observing safety standards associated with engineering machinery; standing power plant and ship security watches while in port and underway; operating electrical and sound-powered communication systems; serving as a member of damage control, emergency, and rescue and assistance teams; taking part in underway replenishment (transferring fuel and supplies from ship to ship at sea); working with qualified personnel to gain on the job training and experience, which will qualify for college credits.

This enlistment program option enables men and women to qualify for one of several Navy engineering or mechanical skill specialties (ratings) through on-the-job apprentice training. The training received as a Fireman or in the related engineering skill specialties is equivalent to that received as an electrical or power plant/co-generation plant operator or supervisor, diesel mechanic. Equipment associated with Fireman training includes propulsion and electrical generation gas turbines, and diesel engines; electronic machinery plant control systems and networks; and intricate electrical wiring and distribution systems. The name Fireman enjoys a proud and storied history. The name originated in the days when the Fireman was responsible for keeping the fires burning in the ship's boilers which were used to make steam. The steam powered large turbines then produced the ship's electricity and turned the ship's propellers.

After successful completion of training, Firemen are usually assigned to shipboard duties where the Navy needs them the most. Firemen can request and may receive on-the-job training in a rating that they are interested in, qualify for, and that is available at their first command by completing correspondence courses and personal advancement requirements. They must also be recommended by their Commanding Officer for the Navy rating they desire. Firemen may also attend special Navy schools to learn about general damage control, shipboard firefighting, preventive maintenance of special equipment, and the use of special tools used in the rating they are working in or seeking.

Firemen are taught fundamental skills needed in a shipboard environment. Most training takes place at their first duty station in the form of on-the-job training. Fireman will be given the opportunity to become designated in a Navy Rating that they are fully qualified for by either passing a Navy-Wide Advancement Examination or have orders to a Class "A" school within 24 months onboard their first Permanent Duty Station.

PROFESSIONAL APPRENTICESHIPS CAREER TRACK PROGRAM

Rating eligibility screening and career progression plan will be developed during the reporting career development board (CDB). CDBs shall be conducted and documented in the Career Information Management System (CIMS) by your Career Counselor.

Navy PACT program guarantees:

- A. Initial four year active obligation
- B. Initial apprentice skill training
- C. Career development plan with viable career opportunity.

Every effort will be made for pact Sailors to gain rating entry via the navy wide advancement examination. PACT Sailors which are not designated within 24 months onboard their first permanent duty station will be offered a navy need "A" School if the Sailor has maintained PACT program and rating entry eligibility.

PACT guaranteed Sailors must:

- A. Maintain or obtain target rating eligibility per MILPERSMAN 1306-618 and Career Waypoint - PACT Designation.
- B. Have no NJP within 12 months of "A" School class convene
- C. Have passed most recent PRT and be within body composition standards
- D. Have no mark below 3.0 on most recent performance evaluation
- E. Maintain world-wide assignment eligibility
- F. Obligate service per MILPERSMAN 1306-604 if required to meet minimum tour requirements for follow-on assignment upon completion of "A" School.

Academic skills development and Armed Forces Classification Testing (AFCT) should be encouraged and scheduled well in advance to enable pact Sailors to maximize career options. Academic skills options available through the navy college program at <https://www.navycollege.navy.mil> include NCPACE Ship board courses and Online Academic skills self-paced courses. Following academic preparation, Sailors may take the AFCT at authorized personnel support activity detachments as well as large platform ship test sites (CVN/LHD/LHA).

PACT ASSIGNMENT METHODS

Career Waypoint-PACT Designation will auto-generate partially populated applications for PACT Sailors who are Time In-Rate (TIR) eligible for the Navy-Wide Advancement Examination (NWAE) and/or have at least 12 months on board their first permanent duty station.

- a. PACT Sailors who meet TIR requirements for the NWAE will be able to apply for rating entry designation (RED) or NWAE quotas. RED quotas are preferred because Sailors are designated in the same month as the quota is approved. Additionally, direct designation is advantageous for Sailors because it provides a career path and eligibility to participate in the NWAE as a rated E3. Sailors on this path may perform better on the NWAE, increasing their chances for advancement since they will have more opportunity to gain experience and study in their new rating prior to the exam.
- b. Sailors who have at least 12 months on board their first permanent duty station following completion of their initial skills training will be able to apply for RED or A-school quotas.
- c. PACT Sailors are encouraged to research and review gapped billets on board their command and apply for ratings with gaps, which benefits both the command and the Sailor. Most Sailors will find the opportunity to gain experience and study in their new rating may lead to faster promotion, which in turn increases competitiveness for reenlistment if desired and for converting to a different rating in the future.

Leaders need to ensure PACT Sailors are on track to get designated in a rating four to six months prior to their two-year anniversary on board. Minimum requirements for commands to direct designate a PACT Sailor are:

- Meets qualification standards for desired rate.
- Minimum 12 months onboard permanent duty station

CREDENTIALING

NAVY COOL ACCREDITATION is recommended for anyone seeking certifications in the private and public sector in their specific job field. To find out more about Navy COOL certifications offered, go to <https://www.cool.navy.mil/usn/>. You can find civilian credentials related to a specific rating, job, or occupation to assist you in determining which rating is right for you, You will also be able understand what it takes to obtain the credentials and see if there are available programs that will help pay credentialing fees.

UNITED SERVICES MILITARY APPRENTICESHIP PROGRAM (USMAP) is available to most active duty occupations and is certified by the U.S. Department of Labor. This is the largest apprenticeship program operating in the U.S. and is recognized by all 50 states. Completion of one of these programs would qualify you as a journeyman, which could mean a significantly higher starting salary in the civilian work force. Most programs require 5-8 years to complete but are transferable if you decide to leave the service prior to completion.

Visit USMAP <https://usmap.netc.navy.mil/usmapss/static/index.htm> for additional information.

See MILPERSMAN 1306-1505: Sailors may complete a component change from the Reserve Component (RC) to AC (RC2AC/FTS). This not only leverages existing skill sets that reside in the RC population to improve and maintain AC community health, but also provides qualified Sailors with an opportunity to resume or begin a career in the AC/FTS. This component change refers to a permanent transfer from RC2AC/FTS. This voluntary program enables qualified, eligible enlisted RC Sailors to submit applications in Career Waypoints (C-WAY) based on available quotas published on the Bureau of Naval Personnel (BUPERS), Enlisted Community Manager (BUPERS-32) Web page at: <https://www.public.navy.mil/bupers-npc/enlisted/community/selres/Pages/EnlistedReserveOpportunities.aspx>.

AC/FTS to CIP

The Career Intermission Program allows Officers and Enlisted Sailors to transfer out of the active component (AC/FTS) and into the Individual Ready Reserve for a period of one to three years to pursue personal or professional obligations outside the Navy, while providing a means for their seamless return to active duty.

For additional information, go to: <https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/IRR/Pages/CIP.aspx>.

AC/FTS to Secretary of the Navy Tours with Industry

This program provides a venue for exceptional Sailors to experience innovative business practices. Navy fellows are fully immersed in company practices and will be actively engaged in projects and company operations. Past fellows were assigned to companies including VMware, Qualcomm, Apple, Inc., Boeing, Tesla, Oak Ridge National Laboratory, GE Digital, Amazon, FedEx, Northrup Grumman, Space X, LinkedIn and USAA.

For additional information go to: <https://www.public.navy.mil/bupers-npc/career/talentmanagement/Pages/SNTWI.aspx>.

Canvasser Recruiter (CANREC)

The Canvasser Recruiter (CANREC) Recall Program is a voluntary and temporary recall program for RC personnel to serve as production recruiters in support of the Navy Prior Service recruiting mission. Personnel eligible to volunteer for a Definite (also termed as "temporary") Recall to Active Duty (ACDU) as a CANREC are Reserve Component (RC) members, specifically Selected Reserve (SELRES), Individual Ready Reserve (IRR-ASP), and Voluntary Training Unit (VTU) personnel.

Career Waypoints-Reenlistment:

The Command Career Counselor is your local advocate to assist you with the Career Waypoints application process.

- E3-E6 Sailors with less than 14 years of service must submit a Career Waypoints application, regardless of reenlistment intentions. Sailors who do not desire to reenlist will submit an "intends to separate" application. Sailors not eligible for reenlistment will submit a "not eligible" application.
- The Career Waypoints system automatically generates most of the applications needed by Sailors. Applications must be submitted no later than 16 months prior to expiration of active/reserve obligated service (EAOS/EOS) or as extended (SEAOS/SEOS). Sailors with less than 24 months of contract time remaining at their projected rotation date (PRD) will submit an application 15 months prior to their PRD. In either case, the Career Waypoints system will automatically generate

applications for Sailors 18 months prior to either timeframe. Applications required outside of the established C-Way gates can be submitted as Special Circumstance applications. Examples of when these may be needed include OBLISERVE for special duty, decommissioning or homeport shift.

- The C-Way 3-2-1 Process aligns career decisions with the detailing process. Soft End of Active/Reserve Obligated Service (SEAOS/SEOS)/End of Active/Reserve Obligated Service (EAOS/EOS) applications are created by C-Way at the 18 month from S/EAOS/EOS mark and must be submitted by the Command Career Counselor at the 16 month mark. This provides time for the Career Counselor to validate the Sailor's information and to ascertain the Sailors career intentions. The first C-Way review gate occurs from 16 to 13 months from S/EAOS/EOS with career choice options of in-rate, conversion, and Selected Reserve. The second review gate occurs from 12 to 9 months from S/EAOS/EOS with career choice options of conversion and Selected Reserve. From 8 months to 4 months to S/EAOS/EOS the Sailor can only choose Selected Reserve affiliation.
- Monthly reenlistment quotas are limited and must be reserved for our best and brightest Sailors who desire to Stay Navy. Sailors must choose one of the following based on their desires and qualifications:
 - Reenlist-in-Rate,
 - Reenlist-in-rate, Willing to Convert
 - Convert only
 - AC to AC or FTS to FTS
 - RC to AC/FTS
 - RC to RC
 - AC/FTS to CIP (Intermission)
 - AC/FTS to Tour w/ Industry
 - SELRES option
 - Canvasser Recruiter
 - Intend to separate
 - Not eligible

In February 2014, C-Way delivered auto-approval capabilities to provide reenlistment decisions on S/EAOS/EOS applications more quickly for eligible ratings. This changed the monthly processing of reenlistment applications as described below.

- If you are in an, "open" rating or a "balanced" rating in an undermanned year group or an E6, you are eligible for reenlistment, and your application is submitted with correct data it will be auto-approved and returned immediately, and you can reenlist.
- If you are in a "competitive" rating or a balanced rating but not an undermanned year group, then your application will be processed through the monthly Rack and Stack process. Applications submitted in one month are processed in Rack and Stack the following month.
- For Nuclear ratings, all applications are reviewed by enlisted community managers on an ongoing basis throughout the processing month.
- If required data is missing (evaluations, Physical Fitness Assessment (PFA) data, security clearance etc.) the application will be denied with a note to your career counselor regarding what needs to be fixed. It is critical the Command Career Counselor reviews these notes to ensure Sailors are not disadvantaged in their opportunities for retention.
- Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoint system.
- For additional guidance, see MILPERSMAN 1160-140, NAVADMIN 231/17, and your Career Counselor

Targeted Reentry Program (TRP)

NAVADMIN 047/18 empowers COs with the ability to identify and recommend SELRES on active duty/Definite Recall (ACDU) and Full Time Support (FTS) enlisted personnel, who are the best and brightest, the option for expedited reentry to Active Duty in the Navy.

- *Golden Ticket* – Sailors are guaranteed an expedited return to ACDCU within one year from separation from ACDCU. Sailors who do not use their Golden Ticket within one year are automatically convert to a Silver Ticket for one additional year. Sailors must remain fully qualified.
- *Silver Ticket* – Sailors are afforded an expedited return to ACDCU within two years from separation date. This opportunity is subject to Needs of the Navy (NOTN) and provided the Sailor remains fully qualified.

Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoints system.

Courses with Recommended Reserve Points:

Commander Navy Reserve Forces (CNRF) N7 determines the number of reserve points awarded for completion of a course taken on Navy e-Learning. This listing should only be used as a guide and is subject to change by direction of CNFR N7.

Navy e-Learning has no control over how many, if any, reserve points are eventually awarded for the completion of a course. All questions concerning the award of reserve points should be directed to CNFR N7.

Reading, discussing, and understanding the ideas found in the CNO PRP will not only improve our critical thinking skills, but will also help us become better Sailors, citizens, and most importantly, leaders. This list is not intended to limit professional reading or learning in any way, but merely to provide easy access to a few of the many titles that will benefit our service.

The Chief of Naval Operations' tenets and Lines of Effort: Strengthening Naval Power at and from the Sea; Achieving High Velocity Learning at Every Level; Strengthening Our Navy Team for the Future; and Expanding and Strengthening our Network of Partners. These LOEs have themes common to all Sailors - Integrity, Accountability, Initiative, and Toughness.

The books are organized by the Lines of Effort, but there are several other categories as well. A Design for Maintaining Maritime Superiority is included in addition to a section of books - Fundamentals for the Naval Professional - that contains canonical books about warfighting, diplomacy, and strategy. Many books on both lists are available as e-books through the Navy General Library Program.

The entire list of over 140 book summaries and additional information is available at <https://www.navy.mil/CNO-Reading-Program/A-Z-List>

ALL PAYGRADES VOLUNTARY EDUCATION

Note: Prior to considering any pursuit of off duty education or program enrollment contact the Navy College Virtual Education Center (NCVEC) or visit your Overseas Navy College Office.

You must complete the Tuition Assistance Training before your first course will be approved.

Complete the online courses at the Navy College Website: <http://www.navycollege.navy.mil/>

How do I get started?

You already have. All your training up to this point is part of your Engineering/Fireman Professional Apprenticeship Career Track (PACT) Roadmap. Now that you have made the first steps you will need to sit down and formulate a plan. This plan will work best if you start out discussing your options with your Leading Chief Petty Officer, Leading Petty Officer, Mentor, or Career Counselor. They will help you understand all of the basics. Then your next step is to contact the Navy College Virtual Education Center or visit your Overseas Navy College Office. Then your counselors will be able to help you formalize your plan and make sure that it makes sense for both you and the Navy. To aid you in your conversation with these professionals, here are a few questions that you may want to ask.

What credits do you have? What non-college courses have you taken? Where do you want to go? What field of study, or what kind of degree? What program will help me get there: Traditional or Online? What are my next steps: Transfer credits, take exams, have experience evaluated, or sign up for new courses?

RECOMMENDED OCCUPATIONAL-RELATED ASSOCIATE'S DEGREE FOR E-PACT

Recommended Associates' degrees for the Fireman
Associate in Arts (General Studies with emphasis on English)
Associate in Science (Emphasis on Mathematics)

RECOMMENDED OCCUPATIONAL-RELATED BACCALAUREATE/MASTERS DEGREE FOR E-PACT

Recommended Bachelors/Masters degrees for the Fireman
Focus on being a great Sailor first

GENERAL INFORMATION ON VOLUNTARY EDUCATION

The Navy College Program & Web Page:

The Navy College Program (NCP) provides opportunities to Sailors to earn college degrees by providing academic credit for Navy training, work experience, and off-duty education. The NCP mission is to enable Sailors to obtain a college degree while on active duty. In support of the four R's - Recruiting, Readiness, Retention, and Respect - the NCP signifies Navy's commitment to education by improving enlistment appeal; demonstrating Navy service and achieving a college degree are compatible; helping Sailors apply themselves to new situations and challenges and better preparing them for advancement; building up Sailors' self-image; and producing higher quality Sailors.

- More information is available online at: <https://www.navycollege.navy.mil>

Tuition Assistance (TA):

NAVADMIN 114/19 limit changes as of 1 October 2019: TA provides funds for eligible active-duty personnel to attend approved educational institutions on an off-duty basis to earn a high school diploma, vocational/technical certificate, or college degree. TA pays for tuition. TA will pay for the following amount per career: 120 semester hours, or 180-quarter hours or 1800 clock hours or a combination of semester, quarter and clock hours. TA will pay the following amounts per fiscal year: 12 semester hours, not to exceed \$250/credit for semester hours or 18-quarter hours not-to-exceed \$166.67/credit for quarter hours or, 180 clock hours not-to-exceed \$16.67/clock hours or a combination of semester, quarter and clock hours.

- More information is available online at: <https://www.navycollege.navy.mil>

Joint Service Transcripts (JST)

JSTs are official military transcripts which are used by colleges to validate your actual credited training. Every Sailor has a transcript already and access to it is free.

- More information is available online at: <https://jst.doded.mil/>

The American Council on Education (ACE)

ACE has reviewed every course listed in the OCCUPATIONAL Roadmap and determined what type of collegiate level credit is recommended. The ACE identifier, listed with each course, is a source to validate the information and to check for changes as they occur.

- Updates can be found at <http://www.acenet.edu/news-room/Pages/Military-Guide-Online.aspx>.

Vocational Certificates

Vocational Certificates are available from most community colleges. Most of your military training can be counted toward their degree programs, but they will still require residency credits and approximately 40-75 credit hours. These certificates can be as valuable as the apprenticeship program in the civilian work force.

College credits by Testing CLEP, DSST

Testing can replace the requirement to attend most of the college courses listed in the Occupational Roadmap. Base Education Centers offer CLEP and DSST exams for active duty military at no cost. They also offer a comprehensive list of "credit-by-exam" tests. Additionally, many of the tests have study guides available. These tests are available at the base education center or through the base library system. For specific testing locations visit the DANTES website.

- DANTES: <http://www.dantes.doded.mil/examinations/earn-college-credit/earn-college-credit.html>

College Entrance Exams Testing ACT, SAT

The ACT and SAT are both standardized tests that help colleges evaluate candidates. Many colleges require that students submit test results as part of the admission application process. Since Sailors are considered transfer students, these tests are not generally required for admission. However, some Sailors must take the tests to enter specific military programs.
