# **Career Roadmap**

## **Hospitalman Recruit to Master Chief Roadmap**

The educational roadmap below will assist Sailors in the Hospital Corpsman community through the process of pursuing professional development and advanced education using various military and civilian resources e.g. PQS program; JST/SMART Transcript; NKO (E-Learning); Navy College; etc. Successful leadership is the key to military readiness and will always require a high degree of technical skill, professional knowledge, and intellectual development.

### **What is a Career Roadmap for Hospital Corpsman?**

Hospital Corpsman roadmaps are just what the name implies - a roadmap through the Enlisted Learning and Development Continuum from Hospitalman Recruit through Master Chief. The principal focus is to standardize a program Navy wide by featuring the existing skills necessary to be successful in the Navy. The ultimate goal of a roadmap is to produce a functional and competent Sailor.

### **What is the Enlisted Learning and Development Continuum?**

Enlisted Learning and Development Continuum is the formal title given to the curriculum and process building on the foundation of Sailorization beginning in our Delayed Entry Program through Recruit Training Command and throughout your entire career. The continuum combines skill training, professional education, well-rounded assignments, and voluntary education. As you progress through your career, early-on skill training diminishes while professional military education gradually increases. Experience is the ever-present constant determining the rate at which a Sailor trades skill training for professional development.

### **Do Sailors have to follow the Roadmap?**

Yes. The Hospital Corpsman roadmap includes the four areas encompassed by the Continuum in Professional Military Education to include; Navy Professional Military Education (NPME), Joint Professional Education (JPME), Leadership and Advanced Education.

Some training and education is mandatory (Recruit Training, HM "A" School at Hospital Corps School, NKO (E-Learning, etc.)). Some may be directed by your chain of command (Microsoft Excel and PowerPoint courses), and the remainder is voluntary (NKO, E-Learning, college courses, etc.). Sailors are advised to seek out mentors, including your Command Master Chief, Senior Enlisted Advisor, Leading Chief Petty Officer, Leading Petty Officer and Command Career Counselor, and to make use of your Base Navy College or Education Office vast resources. All are uniquely qualified to help you along the way.

## ***CORPSMAN PLEDGE***

I SOLEMNLY PLEDGE  
MYSELF BEFORE GOD  
AND THESE WITNESSES  
TO PRACTICE FAITHFULLY  
ALL OF MY DUTIES AS A  
MEMBER OF THE HOSPITAL CORPS. I HOLD THE CARE OF THE SICK AND  
INJURED TO BE A PRIVILEGE AND A SACRED TRUST AND WILL ASSIST THE  
MEDICAL DEPARTMENT OFFICER WITH LOYALTY AND HONESTY. I WILL  
NOT KNOWINGLY PERMIT HARM TO COME TO ANY PATIENT. I WILL  
NOT PARTAKE OF NOR ADMINISTER ANY UNAUTHORIZED MEDICATION.  
I WILL HOLD ALL PERSONAL MATTERS PERTAINING TO THE PRIVATE  
LIVES OF PATIENTS IN STRICT CONFIDENCE. I DEDICATE MY HEART, MIND,  
AND STRENGTH TO THE WORK BEFORE ME. I SHALL DO ALL WITHIN MY  
POWER TO SHOW IN MYSELF  
AN EXAMPLE OF ALL THAT  
IS HONORABLE AND  
GOOD THROUGHOUT  
MY NAVAL CAREER.

## HM CAREER PATH

Hospital Corpsmen (HM) assist health care professionals in providing medical and dental care to Navy and Marine Corps personnel and their families and perform other duties that aid in the prevention and treatment of disease and injury. They may function as clinical or specialty technicians, medical administrative personnel, and health care providers at medical treatment facilities. They may also serve as battlefield corpsmen with the Marine Corps, rendering emergency medical treatment to include initial treatment in a combat environment. Qualified HMs may be assigned the responsibility of Independent Duty Corpsman (IDC) aboard ships and submarines, expeditionary, special warfare, and at isolated duty stations where no Medical Officer is available.

**Notes:**

1. Sea Shore Flow is defined by HM NEC Specialty. The HM rating is shore centric. However, there is ample opportunity for Sailors to move into sea centric/operational NECs that allow for more sea duty opportunity and enable the Sailor to maintain a rotation. HM rating promotes as a rate, not by NEC.
2. HMs should earn journeymen NECs (i.e. LAB, Xray, PHARM, RT, CVT, OPT, SURG, ORTHO, PT, NUCMED, RADHLT, OT, HISTO, CYTO, GU, DMT, Dental Lab B, Dental Hygiene) early in a career and transition to senior or master NECs (i.e. IDC or advanced level NEC) as their career progresses.
3. HMs have opportunities to qualify for multiple warfare designations, and when assigned to units eligible for qualifications, are required to do so by the program instruction. HMs may earn ESWS, EAWS, SS, AC, SCWS, EXW, PJ, DV, and FMF (ribbon counts unless failed to qualify for warfare device on repeat tour).
4. MTS should be given consideration but does not carry the same weight as warfare qualification.
5. HSAP/IA/GSA deployments or Humanitarian Relief/Disaster Relief (HR/DR) missions should be considered, but those alone should not outweigh 36 months of sea duty (type 2 and 4 duty).
6. Special Duty - White House, Camp David, HMX, Flight Demonstration Unit, Recruit Company Commander, Recruiting Duty, and Instructor Duty are very demanding assignments and should be given consideration.
7. Completion of the Senior Enlisted Academy and Enlisted Medical Department Executive Course should be considered, but not everyone is afforded the opportunity to attend.
8. HM and HMDA accessions are 5YO. Basic Dental is not a C school, it is an accession program.

**JOB DESCRIPTION**

Hospital Corpsman (HM) pay grades E-1 (Hospital Recruit/HR), E-2 (Hospitalman Apprentice/HA), and E-3 (Hospitalman/HN), able to perform duties as assistants in the prevention and treatment of disease and injury; including first aid and preventive medicine procedures; assist with physical examination; provide patient care and the administration of medicinal and parenteral solutions; perform general laboratory, pharmacy, and other patient support services; assist in the administrative supply and accounting procedures within medical departments ashore, afloat, and with the Marine Corps; instruct medical and non-medical personnel in first aid, self aid; personal hygiene, and medical records maintenance and assist in the transportation of the sick and injured; assist in the maintenance of environmental health standards; be prepared to assist in the prevention and treatment of chemical, biological, and radiological (CBR) casualties and other contingencies; senior hospital corpsmen perform supervisory, technical, planning, and management functions in support of medical readiness and quality health care delivery. In addition to their general assignments, hospital corpsmen trained as technicians perform specialized functions within the operational forces, clinical specialties, administrative department, and may be assigned independent to a medical officer.

---

**RECOMMENDED BILLET ASSIGNMENTS**

As a member of the Navy's largest rating, Hospital Corpsman (HM), you are exposed to a wide range of diverse training and Navy Enlisted Classification (NEC) opportunities. Whether stationed at a deployable unit or Medical Treatment Facility (MTF), you have opportunities to perform a significant role as part of a larger team. Regardless of duty station, you are expected to be relied upon more by the personnel you serve. Seek out multiple opportunities to experience the different specialty areas and seek out OJT related to your areas of interest. Every effort should be made to choose orders that will provide the greatest opportunity to qualify for a warfare device. As a junior Corpsman, now is the time to take advantage of the broad opportunities that exist and seek challenging and diverse assignments that maintain your sea/shore rotation while also developing your skills and abilities.

### **Career Waypoints-Reenlistment:**

The Command Career Counselor is your local advocate to assist you with the Career Waypoints application process.

- E3-E6 Sailors with less than 14 years of service must submit a Career Waypoint application, regardless of reenlistment intentions. Sailors who do not desire to reenlist will submit an "intends to separate" application. Sailors not eligible for reenlistment will submit a "not eligible" application.
- The Career Waypoints system automatically generates most of the applications needed by Sailors. Applications must be submitted no later than 13 months prior to expiration of active obligated service (EAOS) or as extended (SEAOS). Sailors with less than 24 months of contract time remaining at their projected rotation date (PRD) will submit an application 12 months prior to their PRD. In either case, the Career Waypoints system will automatically generate applications for Sailors 15 months prior to either timeframe. Applications required outside of the established C-Way gates can be submitted as Special Circumstance applications. Examples of when these may be needed include OBLISERVE for special duty, decommissioning or homeport shift.
- The C-Way 3-2-1 Process aligns career decisions with the detailing process. Soft End of Active Obligated Service (SEAOS)/End of Active Obligated Service (EAOS) applications are created by C-Way at the 15 month from SEAOS/EAOS mark and must be submitted by the Command Career Counselor at the 13 month mark. This provides time for the Career Counselor to validate the Sailor's information and to ascertain the Sailors career intentions. The first C-Way review gate occurs from 13 to 10 months from SEAOS/EAOS with career choice options of in-rate, conversion, and Selected Reserve. The second review gate occurs from 9 to 7 months from SEAOS/EAOS with career choice options of conversion and Selected Reserve. From 6 months to 3 months to SEAOS/EAOS the Sailor can only choose Selected Reserve affiliation.
- Monthly reenlistment quotas are limited and must be reserved for our best and brightest Sailors who desire to Stay Navy. Sailors must choose one of the following based on their desires and qualifications:
  - Reenlist-in-Rate,
  - Reenlist-in-rate, Willing to Convert
  - Convert only
  - SELRES option
  - Intend to separate
  - Not eligible

In February 2014, C-Way delivered auto-approval capabilities to provide reenlistment decisions on SEAOS/EAOS applications more quickly for eligible ratings. This changed the monthly processing of reenlistment applications as described below.

- If you are in an "open" rating or a "balanced" rating in an undermanned year group or an E-6, you are eligible for reenlistment, and your application is submitted with correct data it will be auto-approved and returned immediately, and you can reenlist.
- If you are in a "competitive" rating or a balanced rating but not an undermanned year group, then your application will be processed through the monthly Rack and Stack process. Applications submitted in one month are processed in Rack and Stack the following month.
- For Nuclear ratings, all applications are reviewed by enlisted community managers on an ongoing basis throughout the processing month.
- If required data is missing (evaluations, Physical Fitness Assessment (PFA) data, security clearance etc.) the application will be denied with a note to your career counselor regarding what needs to be fixed. It is critical the Command Career Counselor reviews these notes to ensure Sailor's are not disadvantaged in their opportunities for retention.
- Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoints system.
- Additional guidance MILPERSMAN 1440-060, NAVADMIN 149/13, NAVADMIN 150/13, and your Career Counselor

**Courses with Recommended Reserve Points:**

Commander Navy Reserve Forces (CNRF) N7 determines the number of reserve points awarded for completion of a course taken on Navy E-Learning. This listing should only be used as a guide and is subject to change by direction of CNRF N7.

Navy E-Learning has no control over how many, if any, reserve points are eventually awarded for the completion of a course. All questions concerning the award of reserve points should be directed to CNRF N7.

Twenty-four additional books are categorized as "recommended reading," and are available as electronic books (e-books). Many can be downloaded at no cost through the Navy general library program site on Navy Knowledge On-line (NKO).

The entire list, with book summaries and additional information is available at <http://navyreading.dodlive.mil/>

The CNO-PRP has been streamlined to make our Navy's reading program more interactive, affordable, and wherever possible, electronically accessible. To that end: a number of the titles will be available for free at the NKO portal at <https://www.nko.navy.mil>.

- Click on the reference tab, then e-library audio and e-books tab.
- In order to download books, an "overdrive" account is required. On the top right, click on the overdrive window and follow the prompts.
- Then, not only are the PRP books available, but also hundreds of other items.

Note: Security restrictions preclude downloading via Navy owned computers, so downloading them to personally-owned devices will be required.

Complete the online course at the Navy College Website**

**How do I get started?**

You already have. All your training up to this point is part of your Hospital Corpsman Roadmap. Now that you have made the first steps you will need to sit down and formulate a plan. This plan will work best if you start out discussing your options with your Leading Chief Petty Officer, Leading Petty Officer, Mentor, or Career Counselor. They will help you understand all of the basics. Then your next stop is your Navy College Office. The counselors there will be able to help you formalize your plan and make sure that it makes sense for both you and the Navy. To aid you in your conversation with these professionals, here are a few questions that you may want to ask.

What credits do you have? What non-college courses have you taken? Where do you want to go? What field of study, or what kind of degree? What program will help me get there, Traditional or Online, What are my next steps: Transfer credits, Take exams, Have experience evaluated, Then lastly sign up for new courses?

## **GENERAL INFORMATION ON VOLUNTARY EDUCATION**

### **The Navy College Program & Web Page:**

The Navy College Program (NCP) provides opportunities to Sailors to earn college degrees by providing academic credit for Navy training, work experience, and off-duty education. The NCP mission is to enable Sailors to obtain a college degree while on active duty. In support of the four R's- Recruiting, Readiness, Retention, and Respect, the NCP signifies Navy's commitment to education by improving enlistment appeal, demonstrating Navy service and achieving a college degree are compatible, helping Sailors apply themselves to new situations and challenges and better preparing them for advancement, building up Sailors' self-image, and producing higher quality Sailors. More information is available online at: <https://www.navycollege.navy.mil>

### **Navy College Program Distance Learning Program (NCPDLP)**

The Navy College Program (NCP) has developed partnerships with colleges and universities to offer rating relevant degrees via distance learning to Sailors everywhere. These new education partnerships provide associates and bachelors degree programs relevant to each rating, and make maximum use of military professional training and experience to fulfill degree requirements. The program also provides opportunities to take courses through distance learning so that Sailors anywhere will be able to pursue a degree. Courses are offered in a variety of formats, such as CD-ROM, videotape, paper, or over the Internet. Contact your Navy College Office or the Navy College Center about degree programs available from your partnership schools.

### **Servicemembers Opportunity College Degree Network System (SOC DNS):**

The SOC DNS consists of accredited colleges offering specific associate's and bachelor's degrees (while limiting academic residency) to Sailors, Marines, Soldiers and members of the Coast Guard worldwide. Colleges taking part in each curriculum area guarantee acceptance of one another's courses as identified by SOC DNS Course Category Codes. The "home" college (the SOC DNS college from which the student wishes to graduate) issues an official Student Agreement to all eligible students after the completion of the sixth semester hour and a complete evaluation of the servicemember's prior learning, including courses from other colleges and universities, military training and occupational experience, nationally-recognized tests, and other non-traditional credit. The SOC DNS Student Agreement is a contract-for-degree that protects the eligible student from changes to his or her degree program. It is a comprehensive long-range degree plan that lists all of the course requirements, but does not require that all courses be taken with that college. More information is available online at: <http://www.soc.aascu.org/socdns/>

### **Tuition Assistance (TA):**

TA provides funds for eligible active-duty personnel to attend approved educational institutions on an off-duty basis to earn a high school diploma, vocational/technical certificate, or college degree. TA pays for tuition and fees directly associated with the course of instruction. TA will pay for the following amounts per fiscal year: 16 semester hours, not-to-exceed \$250/credit or 24 quarter hours, not-to-exceed \$166.67/credit or 240 clock hours (CH), not-to-exceed \$16.67/CH or a combination of semester and quarter hours.

### **Joint Service Transcripts (JST)**

JSTs are official military transcripts which are used by colleges to validate your actual credited training. Every Sailor has a transcript already and access to it is free. More information is available online at: <https://jst.doded.mil/>

### **The American Council on Education (ACE)**

ACE has reviewed every course listed in the OCCUPATIONAL Roadmap and determined what type of collegiate level credit is recommended. The ACE identifier, listed with each course, is a source to validate the information and to check for changes as they occur. Updates can be found at <http://www.militaryguides.acenet.edu>.

### **Vocational Certificates**

Vocational Certificates are available from most community colleges. Most of your military training can be counted toward their degree programs, but they will still require residency credits and approximately 40-75 credit hours. These certificates can be as valuable as the apprenticeship program in the civilian work force.

### **College credits by Testing CLEP, DSST**

Testing can replace the requirement to attend most of the college courses listed in the Occupational Roadmap. Base Education Centers offer CLEP and DSST exams for active duty military at no cost. They also offer a comprehensive list of "credit-by-exam" tests. Additionally, many of the tests have study guides available. These tests are available at the base education center or through the base library system.

## SAMPLE DEGREE PLAN

### Hospital Corpsman

There are several paths to pursue that are related to the Hospital Corps rating. Nursing; Administration, Pre-med or Medical specialty degrees e.g. RT, Dental etc. Once you know which path you want to pursue, it is strongly recommended that you discuss and determine your end goals with a Navy College counselor and later your college counselor. Remember that it is ultimately your responsibility to determine what your program and requirements are and to develop a degree plan. Knowing your end goals or possibilities can help ensure that your current studies will qualify you for later goals. If you are unsure, a good place to start is your general education courses.
