CAREER ROADMAP

Seaman Recruit to Master Chief Roadmap

The educational roadmap below will assist Sailors in the Master-At-Arms community through the process of pursuing professional development and advanced education using various military and civilian resources e.g. PQS program; JST Joint Service Transcript; E-Learning; Navy College Network; etc. Successful leadership is the key to military readiness and will always require a high degree of technical skill, professional knowledge, and intellectual development.

What is a Career Roadmap for Master-At-Arms?

Master-At-Arms roadmaps are just what the name implies - a roadmap through the Enlisted Learning and Development Continuum from Seaman Recruit through Master Chief. The principal focus is to standardize a program Navy wide by featuring the existing skills necessary to be successful in the Navy. The ultimate goal of a roadmap is to produce a functional and competent Sailor.

What is the Enlisted Learning and Development Continuum?

Enlisted Learning and Development Continuum is the formal title given to the curriculum and process building on the foundation of Sailorization beginning in our Delayed Entry Program through Recruit Training Command and throughout your entire career. The continuum combines skill training, professional education, well-rounded assignments, and voluntary education. As you progress through your career, early-on skill training diminishes while professional military education gradually increases. Experience is the ever-present constant determining the rate at which a Sailor trades skill training for professional development.

Do Sailors have to follow the Roadmap?

Yes. The Master-At-Arms roadmap includes the four areas encompassed by the Continuum in Professional Military Education to include; Navy Professional Military Education (NPME), Joint Professional Military Education (JPME), Leadership and Advanced Education.

Some training and education is mandatory (Recruit Training, Master-at-Arms Class "A" School at NTTTC, Lackland AFB, San Antonio, TX, E-Learning, etc.). Some may be directed by your chain of command (Microsoft Excel and PowerPoint courses), and the remainder is voluntary (MNP, E-Learning, college courses, etc.). Sailors are advised to seek out mentors, including your Command Master Chief, Senior Enlisted Advisor, Leading Chief Petty Officer, Leading Petty Officer and Command Career Counselor, and to make use of your Navy College Virtual Education Center (VEC) or OCONUS Education Office's vast resources. All are uniquely qualified to help you along the way.

**MA CAREER PATH
(SW/AW/EXW)**

Master at Arms (MA). MAs will individually, or as part of a force, be able to conduct Force Protection operations in order to defeat threats at sea, on shore, and in expeditionary environments. Force Protection is a program that comprises of three pillars: Antiterrorism, Physical Security and Law Enforcement. Specifically, the MA will conduct scalable force protection and security providing layered defense for designated assets and critical infrastructure throughout the world. Additionally, MAs will operate in an integrated at sea/coastal/landward security environment, providing mobile and fixed defensive operations in support of Commanders performing base defense, expeditionary/combat operations, strategic asset security, law enforcement, corrections, and special events and operations with other services, host nation partners, and civil authorities.

Notes:

1. "A" school is required
2. All Master-At-Arms (MA) must focus on primary duties and qualify to rank and respective TYCOM requirements as quickly as possible. Equally important is maintaining security clearance eligibility, weapons proficiency and worldwide assignability to meet rating needs.
3. MA's do not have a typical Sea-Shore Flow model, rather the rating operates as a CONUS/OCONUS (or INUS/OUTUS) rotation with OCONUS or OUTUS tours counting as sea tours for rotational purposes. Shore billets account for approximately 70% of MA funded billets. With this in mind, all attempts should be made by the individual to take a sea or deploying billet whenever possible. There is also a requirement for two isolated duty (without family members) tours during career. Maintaining a diverse history of assignments throughout the Navy Security Force specialties enhances chances for advancement.
 - a. MA Billet Selection. Top enlisted MA personnel will be relied upon as advisors to Commanding Officers and Flag Officers. As such, it is imperative our top enlisted personnel have experience in the majority of our Security Force Specialties:

MA CAREER PATH (SW/AW/EXW)

(1) SWFPAC, SWFLANT, TACAMO (VQ Det) assignments. These assignments should be considered career enhancing due to the unique qualifications required and are considered arduous duty. These tours are counted as a Sea Tour for rotational purposes.

(2) Dependent Restricted Tours (DRT) in Souda Bay Crete, Diego Garcia, Bahrain, El Salvador, Bahamas, Deveselu Romania, and Redzikow, Poland. MAs should expect two dependent restricted tours in their career. These assignments should be career enhancing and are considered arduous duty. These tours are counted as a Sea Tour for rotational purposes.

(3) Independent Duty Ship tours. (Ensure active involvement with the FCPOA/CPO Mess as appropriate to paygrade and holding a major collateral duty in order to be competitive amongst peers and at the selection boards).

(4) Type 4 forward deployed forces (overseas sea duty)

b. Duty Types. Types of duty offer the potential to attain NEC's and warfare designations. MA's should take advantage of these opportunities to stay competitive for advancement:

(1) Installation Security. MAs provide Force Protection support for the Installation Commanding Officer with the mission of protecting the installation, it's assets, and it's personnel. MAs assigned to installations currently do not have the opportunity to obtain a warfare qualification. NECs 717B, 718B, P01A, P02A, P05A, P06A and 804A are associated with installation security tours.

(2) Harbor Patrol Unit (HPU). MAs assigned to the HPU operate small craft providing point and area security for waterside assets and ports. Additionally, HPUs may conduct High Value Unit (HVU) escorts. MAs assigned to HPUs currently do not have the opportunity to obtain a warfare qualification. Although not inclusive in all units, MAs assigned to an HPU may be eligible to qualify for the Small Craft Insignia. NEC 853A, P03A, P04A are associated with HPU tours.

(3) Expeditionary Forces. MAs assigned to the Expeditionary Forces will be assigned to the Coastal Riverine Force (CRF). The CRF encompasses both the Maritime Expeditionary Security Force (MESF) and Riverine mission sets. A tour in CRF is a Sea Tour. MAs assigned to the CRF may be performing duties in boat operations, Aircraft Security Team (AST), Embarked Security Team (EST), Joint Terminal Air Controller (JTAC), Visit, Board, HVU escorts, Search and Seizure (VBSS), Expeditionary Designated Marksman (EDM), Expeditionary Small Arms Marksmanship Instructor (ESAMI), and Intelligence, Surveillance and Reconnaissance (ISR) operations. All MAs assigned to Expeditionary Units are required to qualify as Expeditionary Warfare Specialist (EXWS) within 12 months of assignment. NECs 717B, 718B, 804A, 804G, 804A and 0190 are associated with Expeditionary tours.

(4) Strategic Systems Programs (SSP). MAs assigned to this type of duty conduct security operations for strategic assets at either Strategic Weapons Facility (SWF) Atlantic or Pacific. MAs assigned to a SWF are regulated by the Personnel Reliability Program (PRP) and attached to a Marine Corps Security Force Battalion. MAs assigned to this duty type conduct security operations, HPU, or Military Working Dog (MWD) duties. MAs assigned to SWF do not have the opportunity to obtain a warfare qualification. MAs assigned to SWF are authorized to wear Enlisted Nuclear Weapons Security (NWS) Breast Insignia after qualification in the highest watch station commensurate with their paygrade and maintaining PRP certification for 12 months. A star is earned for each consecutive 12 months of maintaining qualifications thereafter. NECs 717B, 718B, P05A, P06A, 804A, 853A, P10A are associated with SSP tours.

(5) TACAMO (VQ3/VQ4/SCW-1). MAs assigned to this type of duty conduct security operations for strategic aircraft. MAs assigned to TACMO are regulated by the PRP. VQ3 with UIC 55154 and VQ4 with UIC 42065 are considered sea duty for MAs. Other VQ detachments are considered shore duty. SCW-1 with UIC 55575 is considered shore duty, but remains regulated by PRP. MAs assigned to VQ may have the opportunity to qualify Enlisted Aviation Warfare Specialist (EAWS).

MA CAREER PATH (SW/AW/EXW)

(6) Afloat Security. MAs in this duty type conduct in port and underway Force Protection operations onboard LHA, LHD and CVNs. MAs may be used for Antiterrorism operations, Physical Security, Law Enforcement, investigations, brig operations and training for the Ship's Self Defense Force. All MAs assigned to this duty type have the opportunity to qualify as Enlisted Surface Warfare Specialist (ESWS). All Sailors must qualify ESWS within a predetermined timeframe established by the member's command. MAs assigned to this type of duty may also have the opportunity to qualify as EAWS. NECs P01A, P02A, P08A, P12A, and 804A are associated with afloat security tours.

(7) Chief Master-at-Arms (CMAA). MACSs are normally assigned to LPDs, MACs are normally assigned to CGs, and MA1s are normally assigned to DDG's. These MAs manage the Force Protection program, train and qualify the Ship's Self-Defense Force, conduct investigations, perform legal officer functions, and assist the Commanding Officer in maintaining good order and discipline. All MAs assigned to this duty type must qualify ESWS within a predetermined timeframe established by the member's command. NECs P01A, P02A, and 804A are associated with Afloat Independent Duty CMAA tours.

(8) Military Working Dog (MWD). MWDs are assigned to Installation Security, Strategic Weapons Facilities (SWF). NEC P05A, MWD Handler, and/ or NEC P06A, Kennel Master/Trainer, is required for MWD tours. NEC P05A, and a minimum of four (4) years of MWD handler experience, is a prerequisite for NEC P06A. NEC P05A and NEC P06A may also be assigned to Naval Special Warfare units. NEC P06A is generally reserved for qualified MA1s and above. Qualified MA2s may obtain NEC P06A; however, will not fill a KM billet until they are advanced to MA1. The MWD Program Manager approves P05A/P06A recommendations. Normally, MA1s will be assigned as Kennel Masters to installations with less than eight (8) MWDs or as MWD Trainer at larger kennels or Regional MWD staff. MACs and above are assigned as Kennel Masters, MWD Trainers, NCIS STAAT Assessors, CNIC CART Assessors, and Regional or Fleet Kennel Masters. An MACM will normally fill the MWD Program Manager assignment. MWD Teams routinely deploy in support of overseas contingency operations, Presidential/Head of State missions and other VIP/ special event missions. Duty type for MWD Handlers is commensurate with the unit to which they are assigned. Duty rotation operates as a CONUS-OCONUS (or INUS/OUTUS) rotation, with a majority of the billets being CONUS. Duty rotation for NEC P06A may include back-to-back CONUS tours. Since this is a closed loop program, MWD Handlers do not have the opportunity for a warfare qualification. MAs may be assigned as MWD Handler, MWD Trainer, Kennel Master or perform MWD Instructor duties.

(9) Protective Service Detail (PSD). MAs within a PSD are assigned to the Naval Criminal Investigative Service (NCIS). MAs conducting PSD missions provide protection for designated High Risk Personnel (HRP). These duties include site surveys, planning, and pedestrian/vehicle security. MAs assigned to PSD missions do not have the opportunity for a warfare qualification. NEC P09A is required for PSD tours.

c. Other Tours. In addition to the main duty types, MAs conduct duties that support the NSF, the Fleet and other commands. These tours are diverse in nature and are considered SHORE DUTY.

(1) Instructor Duty. MAs are assigned to CENSECFOR and other training centers as instructors. This duty is considered vital to the sustained health of the Naval Security Force (NSF). MAs assigned to Instructor Duty have the opportunity to qualify as a Master Training Specialist.

(2) Staff Duty. MAs are assigned to various TYCOM, FLEET, COCOM and other staffs. These MAs primarily conduct antiterrorism (AT) planning and assessments of subordinate units.

(3) Training and Assessment Teams.

(a) Security Training and Assessment Teams (STAAT) is a subordinate unit within the Office of Military Support (OMS) for the Naval Criminal Investigative Service (NCIS). MAs assigned to STAAT conduct port, physical security, installation, hotel, courtroom, liberty venue, humanitarian assistance site, and airfield vulnerability assessments. They also provide Military Sea Lift Command (MSC) Individual Ship Assessments, Commander Naval Installations Command Mobile Training Teams (CNIC-MTT), Military Working Dog Program assessments, TACAMO assessments, Inter-Operability Program Training and provides Mobile

MA CAREER PATH (SW/AW/EXW)

Training Teams for NSF related training. Personnel assigned to STAAT do not have the opportunity for a warfare qualification. MAs assigned to STAAT may be eligible for Master Training Specialist (MTS) and are required to hold the 804A and 853A NEC.

(b) Afloat Training Group (ATG) is a subordinate unit of SURFLANT and SURFPAC. MAs assigned to ATG conduct inspections and certifications of surface vessels. Command Assessment for Readiness and Training (CART)/ Final Evaluation Problem (FEP) Teams.

(c) Command Assessment of Readiness and Training / Final Evaluation Problem (CART/ FEP) is an administrative program assessment, led by Commander, Naval Installations Command (CNIC) headquarters. MAs assigned to CART/ FEP conduct installation security assessments to ensure the installations adherence to all Naval Security Force (NSF) operational requirements. Personnel assigned to CART/ FEP do not have the opportunity for a warfare qualification.

(4) Independent Duty Master At Arms (IDMAA). MACSs and MACs may be assigned as IDMAA to Transient Personnel Units, Nuclear School house billets, NAVIDFOR facilities or imbedded in certain deployable units such a Special Warfare or Seabee Battalions. In these billets, the IDMAA will have a variety of roles similar to the CMAA on CGs and DDGs. NECs P02A, 804A, and 90CS are associated with IDMAA tours.

3. Promotion boards will be instructed to select the most fully qualified candidates. All Master-At-Arms (MA) must focus on primary duties and qualify to rank and respective TYCOM requirements as quickly as possible. Equally important is maintaining security clearance eligibility, weapons proficiency/ Annual Sustainment Training (AST) and worldwide assignability to meet rating needs.
4. SELRES MA's do not have a typical Sea-Shore Flow. SELRES Community, MAC/MACS/MACM must demonstrate a wide diversity of duties and platforms to gain experience to enhance their abilities to leader at the next higher pay grade.
 - a. MA Billet Selection. It is imperative our top enlisted personnel have experience in the majority of our Security Force Specialties:
 - (1) SWFPAC, SWFLANT, TACAMO (VQ Det) assignments. These assignments should be considered career enhancing due to the nature of assets protected and the qualifications required. These tours are counted as a Sea Tour for rotational purposes.
 - (2) Isolated tours in Souda Bay Crete, Diego Garcia, Bahrain, Deveselu Romania, Poland, Chinhae, South Korea, Military Groups/US Embassy detachments.
 - (3) Independent Duty Ship tours. (Ensure active involvement with the FCPOA/CPO Mess as appropriate to paygrade and holding a major collateral duty in order to be competitive amongst peers and at the selection boards).

MA CAREER PATH SELECTED RESERVES (SELRES)

(4) Type 4 forward deployed forces (overseas sea duty)

b. Duty Types. Types of duty offer the potential to attain NEC's and warfare designations. MA's should take advantage of these opportunities to stay competitive for advancement:

(1) Installation Security. MAs provide security and law enforcement support for the Installation Commanding Officer with the mission of protecting installation. MAs assigned to installations do not have the opportunity to obtain a warfare qualification. NECs 0812, 0814, 2001, 2002, and 9501 are associated with installation security tours.

(2) Harbor Patrol Unit (HPU). MAs assigned to the HPU operate small craft providing point and area security for waterside assets and ports. Additionally, HPUs may conduct High Value Unit (HVV) escorts. MAs assigned to HPUs do not have the opportunity to obtain a warfare qualification. Although not inclusive in all units, MAs assigned to an HPU may be eligible to qualify for the Small Craft Insignia. NEC 0190, 2003, 2004 are associated with HPU tours.

(3) Expeditionary Forces. MAs assigned to the Expeditionary Forces will be assigned to the Coastal Riverine Force (CRF). The CRF absorbed the Maritime Expeditionary Security Force (MESF). CRF is SEA duty. MAs assigned to the CRF may be performing duties in boat operations, Riverine Security Team Operations, aircraft security (RAVEN), embarked security (EST), Joint Terminal Air Controller (JTAC), Visit, Board, Search and Seizure (VBSS) and Intelligence, Surveillance and Reconnaissance (ISR) operations. All MAs assigned to Expeditionary Units must obtain Expeditionary Warfare Specialist (EXWS) within 12 months of assignment. NECs 0812, 0814, 9501 and 0190 are associated with Expeditionary tours. For the SELRES Community, these type of reserve units are great opportunities and should be one platform for a MAC/MACS/MACM.

(4) Strategic Systems Programs (SSP). MAs assigned to this duty type conduct security operation for strategic assets at either Strategic Weapons Facility (SWF) Atlantic or Pacific. MAs assigned to a SWF are regulated by the Personnel Reliability Program (PRP). MAs assigned to this duty type conduct security operations, HPU, or Military Working Dog (MWD) duties. MAs assigned to SWF do not have the opportunity to obtain a warfare qualification. MAs assigned to SWF are authorized to wear Enlisted Nuclear Weapons Security (NWS) Breast Insignia after maintaining PRP certification for 12 months and after qualification in the highest watch station commensurate with their pay grade. NECs 0812, 0814, 9501, 0190, 2010 are associated with SSP tours.

(5) TACAMO (VQ Squadrons). MAs assigned to this duty type conduct security operation for strategic aircraft. MAs assigned to TACAMO are regulated by the PRP. VQ 3 with UIC 55154 and VQ 4 with UIC 42065 are considered sea duty for MAs. Other VQ detachments are considered shore duty. MAs assigned to VQ may have the opportunity to qualify Enlisted Aviation Warfare Specialist (EAWS).

(6) Afloat Security. MAs in this duty type conduct in port and underway security and law enforcement operations onboard LHA, LHD and CVNs. MAs may be used for security operations, ATFP, investigations, brig operations and training for the Ship's Self Defense Force. All MAs assigned to this duty type have the opportunity to qualify as Enlisted Surface Warfare Specialist (ESWS). All Sailors must qualify ESWS within a predetermined timeframe established by the member's command not to exceed 30 months from receipt at the command. MAs assigned to this type of duty may also have the opportunity to qualify as EAWS. NECs 2001, 2002, 2008, and 9501 are associated with afloat security tours.

(7) Chief Master-at-Arms (CMAA). MACSs are normally assigned to LPDs. MA1s are normally assigned to CG's and DDG's. These MAs manage the ATFP program, train and qualify the Ship's Self-Defense Force, conduct investigations and perform legal officer functions and assist the Commanding Officer in maintaining good order and discipline. All MAs assigned to this duty type must qualify ESWS within a predetermined timeframe established by the member's command not to exceed 30 months from receipt at the command. NECs 2001 and 9501 are associated with Afloat Independent Duty CMAA tours.

MA CAREER PATH SELECTED RESERVES (SELRES)

(8) Military Working Dog (MWD). MWDs are assigned to Installation Security, DEVGRU, and Strategic Weapons Facilities. MWD Handlers/ Kennel Masters may also be assigned to Naval Special Warfare units. MAs may be assigned as MWD Handler, MWD Trainer, Kennel Master or perform Instructor duties. MWD Teams routinely deploy in support of overseas contingency operations, Presidential/ Head of State missions and other VIP/ special event missions. Duty type for MWD Handlers is commensurate with the unit to which they are assigned. Duty rotation operates as a CONUS-OCONUS (or INUS/OUTUS) rotation. Since this is a closed loop program, MWD Handlers do not have the opportunity for a warfare qualification. NEC 2005 or 2006 is required for MWD tours. Warfare qualifications are available only at shipboard/sea-going commands (ESWS and EAWS) and Type 2 or 4 designated NECC/ Naval Special Warfare (EXWS and EIWS) commands. For the SELRES community unless you are coming off active duty, there is little to no opportunity in the MWD program.

(9) Protective Service Detail (PSD). MAs within a PSD are assigned to the Naval Criminal Investigative Service (NCIS). MAs conducting PSD missions provide protection for designated High Risk Personnel (HRP). These duties include site surveys, planning, and pedestrian/vehicle security. MAs assigned to PSD missions do not have the opportunity for a warfare qualification. NEC 2009 is required for PSD tours. For the SELRES community this is a special program the MAs are individually screened and selected for these types of missions. SELRES MAs are encouraged to apply for mission critical billets when there is opportunity.

c. Other Tours. In addition to the main duty types, MAs conduct duties that support the NSF, the fleet and other commands. These tours are diverse in nature and are considered SHORE DUTY.

(1) Instructor Duty. MAs are assigned to CENSECFOR and other training centers as instructors. This duty is considered vital to the sustained health of the Naval Security Force (NSF). MAs assigned to Instructor Duty have the opportunity to qualify as a Master Training Specialist.

(2) Staff Duty. MAs are assigned to various TYCOM, FLEET, COCOM and other staffs. These MAs primarily conduct antiterrorism (AT) planning and assessments of subordinate units.

(3) Training and Assessment Teams. STAAT is a subordinate unit within the Naval Criminal Investigative Service (NCIS). MAs assigned to STAAT conduct port, installation and airfield vulnerability assessments to assist Fleet Commanders in anti-terrorism efforts. STAAT also provides Military Working Dog Program assessments and provides Mobile Training Teams for installation security while assisting CNIC with installation certification of security forces. Personnel assigned to STAAT do not have the opportunity for a warfare qualification. MAs assigned to STAAT may be eligible for Master Training Specialist (MTS) and are required to hold the 9501 NEC. CNIC Training and Assessment Teams conduct inspections and certifications on the Navy Security Forces of Navy Installations.

(4) Independent Duty Master at Arms (IDMAA). MACSs and MACs may be assigned as IDMAA to Transient Personnel Units, Nuclear School house billets, NAVIDFOR facilities or imbedded in certain deployable units such a Special Warfare or Seabee Battalions. In these billets, the IDMAA will have a variety of roles similar to the CMAA on ships. NECs 2002, 9501, and 90CS are associated with IDMAA tours.

Personnel possessing the 2003 NEC are responsible for the tactical operation and training conducted within the HPU. NEC 2004 HSB TRASUP is responsible for the planning, oversight, accessing and training of Force Protection Boat Coxswains at HPU's.

6. If attached to a NECC command, member should obtain a Warfare Qualification if time permits.
7. MA's should try to obtain NEC's when attached to NECC Units, Commissioned Unit and NSF Installations. However, most RC MA's may never have the opportunity to pursue a NEC throughout their career due to belonging to small NOSC units.
8. All or a vast majority of RC MA's should obtain at a minimum their Sentry PQS, Urinalysis Program Coordinator (UPC) Certification and complete the MA Correspondence Course through NETC. Members of NSF Units who obtain NEC's as CMAA, CFL's, CCC's and SAMI should be looked favorably upon for advancement.
9. In addition to the above career path, a MA is advanced due to their proven leadership, performance, and qualifications.
10. SELRES MA working as civilian law enforcement/corrections officers experience may be taken into account based on skillsets and civilian rank equivalent to the MA's career path matrix.

OARS
OCCUPATIONAL ADVANCEMENT REQUIREMENT STANDARDS

Master-At-Arms Occupational Advancement Requirement Standards (OARS) to E4

NAME: _____

These Occupational Advancement Requirement Standards (OARS) may be used to validate minimum competencies for performing various rating-specific tasks in paygrade E4 in this rating. OARS is based on the Personnel Advancement Requirements (PARS) that were in place prior to 2000 and encompass the Occupational Standards (OCCSTDs) for the rating/paygrade.

Generally, each OARS task area encompasses one or more occupational standards on the same or similar subjects and is written in on-the-job rating language. Completion indicates the candidate can perform the tasks. If circumstances exist that limits a Sailor's ability to effectively demonstrate any OARS task element due to equipment configuration, mission, or operational status, a command may deem a physical demonstration portion not mandatory. However, commanding officers (CO) must be satisfied that the individual possesses the necessary knowledge, skills, and abilities (KSAs) and can properly demonstrate any OARS task at the E4 paygrade, at the current command or other future commands before final signature.

OARS is not designed to replace other qualification programs such as Personnel Qualification Standards (PQS). OARS items that duplicate "sign off" items in these types of programs can be signed off if they have already been signed off under any of these types of programs. OARS is noncompetitive and no relative or absolute mark is assigned.

JOB DESCRIPTION

The MA rating provides the Navy with security specialists who perform antiterrorism, force protection, physical security, and law enforcement duties on land and at sea. Due to the unique functions of the MA, strict adherence to eligibility criteria must be maintained. MAs are the Navy's security and force protection professionals. A MA may operate a force protection watercraft, direct an investigation, control a base access point, or supervise a K-9 asset.

RECOMMENDED BILLET ASSIGNMENTS

Recent graduates of MA "A" School should seek challenging billets at either an installation Security Detachment OCONUS, aboard a Navy vessel, at an expeditionary unit, such as the NECC Coastal Riverine Forces, at an Aegis Ashore Security Detachment, or a Strategic Weapons Facility Unit. These units will give you an excellent opportunity to hone your basic security skills as a sentry, patrolman or other entry level position.

CREDENTIALING

Navy Credentialing Opportunities On-Line (Navy COOL): Navy COOL assists Sailors (active & reserve) by funding the certification & licensing exams that map their Navy education, training, experience, and competencies to industry/civilian-recognized credentials and occupational equivalents. Sailors may obtain funding for credential examinations, renewals, maintenance fees, and other mandatory examination administrative fees.

The following certifications and licenses are applicable to the MA-Master-At-Arms rating. *They may require additional education, training or experience.*

See MILPERSMAN 1306-1505: Sailors may complete a component change from the Reserve Component (RC) to AC (RC2AC/FTS). This not only leverages existing skill sets that reside in the RC population to improve and maintain AC community health, but also provides qualified Sailors with an opportunity to resume or begin a career in the AC/FTS. This component change refers to a permanent transfer from RC2AC/FTS. This voluntary program enables qualified, eligible enlisted RC Sailors to submit applications in Career Waypoints (C-WAY) based on available quotas published on the Bureau of Naval Personnel (BUPERS), Enlisted Community Manager (BUPERS-32) Web page at: <https://www.public.navy.mil/bupers-npc/enlisted/community/selres/Pages/EnlistedReserveOpportunities.aspx>.

If you have any questions or concerns, contact your unit or NOSC career counselor.

AC/FTS to CIP

The Career Intermission Program allows Officers and Enlisted Sailors to transfer out of the active component (AC/FTS) and into the Individual Ready Reserve for a period of one to three years to pursue personal or professional obligations outside the Navy, while providing a means for their seamless return to active duty.

For additional information, go to: <https://www.public.navy.mil/bupers-npc/career/reservepersonnelmgmt/IRR/Pages/CIP.aspx>.

AC/FTS to Secretary of the Navy Tours with Industry

This program provides a venue for exceptional Sailors to experience innovative business practices. Navy fellows are fully immersed in company practices and will be actively engaged in projects and company operations. Past fellows were assigned to companies including VMware, Qualcomm, Apple, Inc., Boeing, Tesla, Oak Ridge National Laboratory, GE Digital, Amazon, FedEx, Northrup Grumman, Space X, LinkedIn and USAA.

For additional information go to: <https://www.public.navy.mil/bupers-npc/career/talentmanagement/Pages/SNTWI.aspx>.

Canvasser Recruiter (CANREC)

The Canvasser Recruiter (CANREC) Recall Program is a voluntary and temporary recall program for RC personnel to serve as production recruiters in support of the Navy Prior Service recruiting mission. Personnel eligible to volunteer for a Definite (also termed as "temporary") Recall to Active Duty (ACDU) as a CANREC are Reserve Component (RC) members, specifically Selected Reserve (SELRES), Individual Ready Reserve (IRR-ASP), and Voluntary Training Unit (VTU) personnel.

For additional information, go to:

Career Waypoints-Reenlistment:

The Command Career Counselor is your local advocate to assist you with the Career Waypoints application process.

- E3-E6 Sailors with less than 14 years of service must submit a Career Waypoints application, regardless of reenlistment intentions. Sailors who do not desire to reenlist will submit an "intends to separate" application. Sailors not eligible for reenlistment will submit a "not eligible" application.
- The Career Waypoints system automatically generates most of the applications needed by Sailors. Applications must be submitted no later than 16 months prior to expiration of active/reserve obligated service (EAOS/EOS) or as extended (SEAOS/SEOS). Sailors with less than 24 months of contract time remaining at their projected rotation date (PRD) will submit an application 15 months prior to their PRD. In either case, the Career Waypoints system will automatically generate

applications for Sailors 18 months prior to either timeframe. Applications required outside of the established C-Way gates can be submitted as Special Circumstance applications. Examples of when these may be needed include OBLISERVE for special duty, decommissioning or homeport shift.

- The C-Way 3-2-1 Process aligns career decisions with the detailing process. Soft End of Active/Reserve Obligated Service (SEAOS/SEOS)/End of Active/Reserve Obligated Service (EAOS/EOS) applications are created by C-Way at the 18 month from S/EAOS/EOS mark and must be submitted by the Command Career Counselor at the 16 month mark. This provides time for the Career Counselor to validate the Sailor's information and to ascertain the Sailors career intentions. The first C-Way review gate occurs from 16 to 13 months from S/EAOS/EOS with career choice options of in-rate, conversion, and Selected Reserve. The second review gate occurs from 12 to 9 months from S/EAOS/EOS with career choice options of conversion and Selected Reserve. From 8 months to 4 months to S/EAOS/EOS the Sailor can only choose Selected Reserve affiliation.
- Monthly reenlistment quotas are limited and must be reserved for our best and brightest Sailors who desire to Stay Navy. Sailors must choose one of the following based on their desires and qualifications:
 - Reenlist-in-Rate,
 - Reenlist-in-rate, Willing to Convert
 - Convert only
 - AC to AC or FTS to FTS
 - RC to AC/FTS
 - RC to RC
 - AC/FTS to CIP (Intermission)
 - AC/FTS to Tour w/ Industry
 - SELRES option
 - Canvasser Recruiter
 - Intend to separate
 - Not eligible

In February 2014, C-Way delivered auto-approval capabilities to provide reenlistment decisions on S/EAOS/EOS applications more quickly for eligible ratings. This changed the monthly processing of reenlistment applications as described below.

- If you are in an, "open" rating or a "balanced" rating in an undermanned year group or an E6, you are eligible for reenlistment, and your application is submitted with correct data it will be auto-approved and returned immediately, and you can reenlist.
- If you are in a "competitive" rating or a balanced rating but not an undermanned year group, then your application will be processed through the monthly Rack and Stack process. Applications submitted in one month are processed in Rack and Stack the following month.
- For Nuclear ratings, all applications are reviewed by enlisted community managers on an ongoing basis throughout the processing month.
- If required data is missing (evaluations, Physical Fitness Assessment (PFA) data, security clearance etc.) the application will be denied with a note to your career counselor regarding what needs to be fixed. It is critical the Command Career Counselor reviews these notes to ensure Sailors are not disadvantaged in their opportunities for retention.
- Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoint system.
- For additional guidance, see MILPERSMAN 1160-140, NAVADMIN 231/17, and your Career Counselor
Or call My Navy Call Center: (833) 330-MNCC or (901) 874-MNCC; or askmncc@navy.mil

Targeted Reentry Program (TRP)

NAVADMIN 047/18 empowers COs with the ability to identify and recommend SELRES on active duty/Definite Recall (ACDU) and Full Time Support (FTS) enlisted personnel, who are the best and brightest, the option for expedited reentry to Active Duty in the Navy.

- *Golden Ticket* – Sailors are guaranteed an expedited return to ACDCU within one year from separation from ACDCU. Sailors who do not use their Golden Ticket within one year are automatically convert to a Silver Ticket for one additional year. Sailors must remain fully qualified.
- *Silver Ticket* – Sailors are afforded an expedited return to ACDCU within two years from separation date. This opportunity is subject to Needs of the Navy (NOTN) and provided the Sailor remains fully qualified.

Upon completion of the monthly process, Career Waypoints results will be available to command users via the Monthly report section of the Career Waypoints system.

Reading, discussing, and understanding the ideas found in the CNO PRP will not only improve our critical thinking skills, but will also help us become better Sailors, citizens, and most importantly, leaders. This list is not intended to limit professional reading or learning in any way, but merely to provide easy access to a few of the many titles that will benefit our service.

The Chief of Naval Operations' tenets and Lines of Effort: Strengthening Naval Power at and from the Sea; Achieving Fast Learning at Every Level; Strengthening Our Navy Team for the Future; and Expanding and Strengthening our Network of Partners. These LOEs have themes common to all Sailors - Integrity, Accountability, Initiative, and Toughness.

The books are organized by the Lines of Effort, but there are several other categories as well. A Design for Maintaining Maritime Superiority is included in addition to a section of books - Fundamentals for the Naval Professional - that contains canonical books about warfighting, diplomacy, and strategy. Many books on both lists are available as e-books through the Navy General Library Program.

The entire list of over 140 book summaries and additional information is available at https://www.navy.mil/ah_online/cno-readingprogram/azlist.html

Note: Prior to considering any pursuit of off duty education or program enrollment contact the Navy College Virtual Education Center (NCVEC) or visit your Overseas Navy College Office.

You must complete the Tuition Assistance Training before your first course will be approved.

Complete the online courses at the Navy College Website: <http://www.navycollege.navy.mil/>

How do I get started?

You already have. All your training up to this point is part of your Master-At-Arms Roadmap. Now that you have made the first steps you will need to sit down and formulate a plan. This plan will work best if you start out discussing your options with your Leading Chief Petty Officer, Leading Petty Officer, Mentor, or Career Counselor. They will help you understand all of the basics. Then your next step is to contact the Navy College Virtual Education Center or visit your Overseas Navy College Office. Then your counselors will be able to help you formalize your plan and make sure that it makes sense for both you and the Navy. To aid you in your conversation with these professionals, here are a few questions that you may want to ask.

What credits do you have? What non-college courses have you taken? Where do you want to go? What field of study, or what kind of degree? What program will help me get there: Traditional or Online? What are my next steps: Transfer credits, take exams, have experience evaluated, or sign up for new courses?

GENERAL INFORMATION ON VOLUNTARY EDUCATION

The Navy College Program & Web Page:

The Navy College Program (NCP) provides opportunities to Sailors to earn college degrees by providing academic credit for Navy training, work experience, and off-duty education. The NCP mission is to enable Sailors to obtain a college degree while on active duty. In support of the four R's - Recruiting, Readiness, Retention, and Respect - the NCP signifies Navy's commitment to education by improving enlistment appeal; demonstrating Navy service and achieving a college degree are compatible; helping Sailors apply themselves to new situations and challenges and better preparing them for advancement; building up Sailors' self-image; and producing higher quality Sailors.

- More information is available online at: <https://www.navycollege.navy.mil>

Tuition Assistance (TA):

NAVADMIN 114/19 limit changes as of 1 October 2019: TA provides funds for eligible active-duty personnel to attend approved educational institutions on an off-duty basis to earn a high school diploma, vocational/technical certificate, or college degree. TA pays for tuition. TA will pay for the following amount per career: 120 semester hours, or 180-quarter hours or 1800 clock hours or a combination of semester, quarter and clock hours. TA will pay the following amounts per fiscal year: 12 semester hours, not to exceed \$250/credit for semester hours or 18-quarter hours not-to-exceed \$166.67/credit for quarter hours or, 180 clock hours not-to-exceed \$16.67/clock hours or a combination of semester, quarter and clock hours.

- More information is available online at: <https://www.navycollege.navy.mil>

Joint Service Transcripts (JST)

JSTs are official military transcripts which are used by colleges to validate your actual credited training. Every Sailor has a transcript already and access to it is free.

- More information is available online at: <https://jst.doded.mil/>

The American Council on Education (ACE)

ACE has reviewed every course listed in the OCCUPATIONAL Roadmap and determined what type of collegiate level credit is recommended. The ACE identifier, listed with each course, is a source to validate the information and to check for changes as they occur.

- Updates can be found at <http://www.acenet.edu/news-room/Pages/Military-Guide-Online.aspx>.

Vocational Certificates

Vocational Certificates are available from most community colleges. Most of your military training can be counted toward their degree programs, but they will still require residency credits and approximately 40-75 credit hours. These certificates can be as valuable as the apprenticeship program in the civilian work force.

College credits by Testing CLEP, DSST

Testing can replace the requirement to attend most of the college courses listed in the Occupational Roadmap. Base Education Centers offer CLEP and DSST exams for active duty military at no cost. They also offer a comprehensive list of "credit-by-exam" tests. Additionally, many of the tests have study guides available. These tests are available at the base education center or through the base library system. For specific testing locations visit the DANTES website.

College Entrance Exams Testing ACT, SAT

The ACT and SAT are both standardized tests that help colleges evaluate candidates. Many colleges require that students submit test results as part of the admission application process. Since Sailors are considered transfer students, these tests are not generally required for admission. However, some Sailors must take the tests to enter specific military programs.
