

BU – Builder

Builders make up the largest segment of the Naval Construction Force. They work as carpenters, plasters, roofers, concrete finishers, masons, painters, bricklayers, and cabinet makers. This is a 5 year enlistment program.

What They Do

- building and repairing wood, masonry concrete, and steel structures;
- installing interior finish work, including installing sheet rock, paneling or ceramic tile walls and installing ceiling and floor tile, millwork and trim;
- operating carpentry, cabinet-making, and tool and equipment repair shops;
- building forms for concrete construction;
- mixing, placing and finishing concrete;
- operating concrete batch plants, portable concrete mixers and other concrete finishing equipment and tools;
- building wharves, bridges and other heavy timber structures;
- reading and interpreting blueprints and preparing sketches for projects;
- Making estimates of material, labor, and equipment requirements.

Working Environment

BU's may work in a variety of conditions, independently or as members of a large team. Their many different duties may be performed in climates ranging from tropical to arctic.

Opportunities

Opportunities to enter the BU rating are excellent for qualified applicants. About 2,380 men and women work as Builders in the Navy.

Qualifications and Interests

For success in the builder rating, people should be oriented toward the use of tools, equipment and machines and have a high degree of manual dexterity. Knowledge of algebra and arithmetic with mixed fractions is important. Helpful qualities are a good memory, curiosity, and an ability to get along with people and the ability to express ideas orally and in writing. Also helpful is resourcefulness, the ability to keep records, do detailed work and perform repetitive tasks. Good physical condition is also necessary. Normal hearing is required.

Earn College Credit

The American Council on Education recommends that semester hour credits be awarded in the vocational certificate and lower-division bachelor's/associate's degree categories for courses taken in this rating on office machines and general clerical procedures. To see the college credits available via a **Joint Service Transcript** for this rating:

Career Path After Recruit Training

Enlistees are taught the fundamentals of this rating through on-the-job training or formal Navy schooling. Advanced technical and operational training is available in this rating during later stages of career development.

School	Present Location	Approximate Training Time	Subjects	Training Methods
Class "A" Technical School	Gulfport, MS	Approximately 14 Weeks	Basic construction skills and theories required in the BU rating and basic combat skills	Group and individual instruction

Following completion of basic technical training, graduates can expect assignments to a Naval Mobile Construction Battalion (NMCB) in Port Hueneme, CA or Gulfport, MS, or to an Amphibious Construction Battalion (ACB) in San Diego, CA or Little Creek, VA. NMCBs operate on a rotating basis between homeport and overseas locations such as Spain, Okinawa or Guam. Seabees receive additional specialized combat and construction skills training during home port duty. Seabees construct buildings, roadways, utility systems and other shore facilities to support the Navy and Marine Corps operational and expeditionary forces worldwide.

BU – Builder

Earn Department of Labor (DOL) Nationally Recognized Apprenticeships

The United Services Military Apprenticeship Program (USMAP) is a formal military training program that provides active duty and Full Time Support (FTS) Service members the opportunity to improve their job skills and to complete their civilian apprenticeship requirements while they are on active duty. The U.S. Department of Labor (DOL) provides the nationally recognized "Certificate of Completion" upon program completion. Visit United Services Military Apprenticeship Program (USMAP) for LS apprenticeships.

Earn Industry Recognized Credentials

Navy Credentialing Opportunities On-Line (Navy COOL) Navy COOL catalogs and defines comprehensive information on occupational credentials - including certifications, licenses, and apprenticeships - correlating with every Navy rating and some collateral duties. It provides "how to" instructions for pursuing these credentials, links to credentialing organizations, and cross-references to programs that help Sailors pay for credentialing fees. Shortly following the initial rating technical training (Class "A" technical school), Sailors may be able to take advantage of earning civilian/industry certifications & licenses (credentials), funded through Navy COOL. Visit the Navy COOL website to view these opportunities. See the link below.
